

## **Partnership between Tip&Go and Forfaits Québec**

Francis Léonard, CEO of Tip&Go, is proud to announce a partnership with Forfaits Québec as an authorized agent for Quebec. *We are pleased to conclude a representation agreement with a company that has a solid experience in the hotel industry for nearly 30 years, and that counts over 200 hotels among its clients in Quebec,*" said Francis Léonard.

According to Jonathan Bourgeois, *"It only made sense to enter into an agreement with Tip&Go, a solution that will, among other things, help our clients reduce the labor shortage in their hotels.*

### **Forfaits Québec:**

Launched in 1994, Forfaits Québec was born out of the Discover Montreal package, which brought together hotels and attractions in Montreal under one package. This formula was then used throughout the province and since then, Forfaits Québec has continued to evolve and adapt to our current times. The technological shift in 2012 has allowed Forfaits Québec to expand its network of partners and it is now with more than 200 accommodations across the province that the company does business.
